A short description: WORLD FAMOUS MOUNTAINS ASSOCIATION

The World Famous Mountains Association is a not-for-profit association made up of policy setters, government officials and representatives of organizations that manage the world's most famous mountains. The association was formed in China in 2009 with 12 founding members and has grown to now include 25 mountains from Australia, Austria, Brazil, China, Germany, Japan, The Philippines, Romania, South Africa, South Korea, Tanzania and the USA. **Our main objectives are:**

- √ Access to international network of support
- √ Collaboration in common projects
- √ Prestige and constant information sharing
